Our brands speak for themselves

ASK Chemical is one of the world's largest suppliers and manufacturers of foundry chemicals with 1,800 employees in 25 countries. Employee specialists at ASK Chemicals are engineers and qualified experts from the foundry, metallurgy, chemicals, mechanical engineering or pattern making industries. The Dublin location serves as the sales and production site for optimizing foundry and casting processes.

Humana's Dublin office recently expanded, making it one of Dublin's largest employers, with more than 200 employees. It serves as the East Central headquarters. The office is primarily responsible for Medicare operations in Ohio, Indiana, and parts of Kentucky.

ViaQuest is a healthcare company with expertise in home health and hospice, mental and behavioral health, and developmental disabilities. Through a wide range of innovative services referred to as ViaQuest's Circle of Care, a skilled, dedicated staff ensures that the people served are active participants in their own care.

“ There is such great support from the City of Dublin. It's all about planned growth and supporting those of us in the business community -- helping us grow, develop our business, and lending support wherever necessary. ”

Art Miller | Director of Program Development & Educational Services, ViaQuest

District highlights

The variety of businesses in the Metro Office District, combined with the diversity of office options, create an ideal office environment for any successful business, large or small.

Multi-tenant opportunities

This business neighborhood offers Dublin's largest concentration of multi-tenant office buildings with a mix of small to large users. Combined, these buildings provide over 1.5 million square feet of office space.

The City of Dublin, in partnership with TechColumbus, created the **Dublin Entrepreneurial Center** (or DEC) to assist the City's entrepreneurial community. The DEC is home to more than 100 start-up companies mainly in the green, international, and technology sectors. (www.DECinDublin.com)

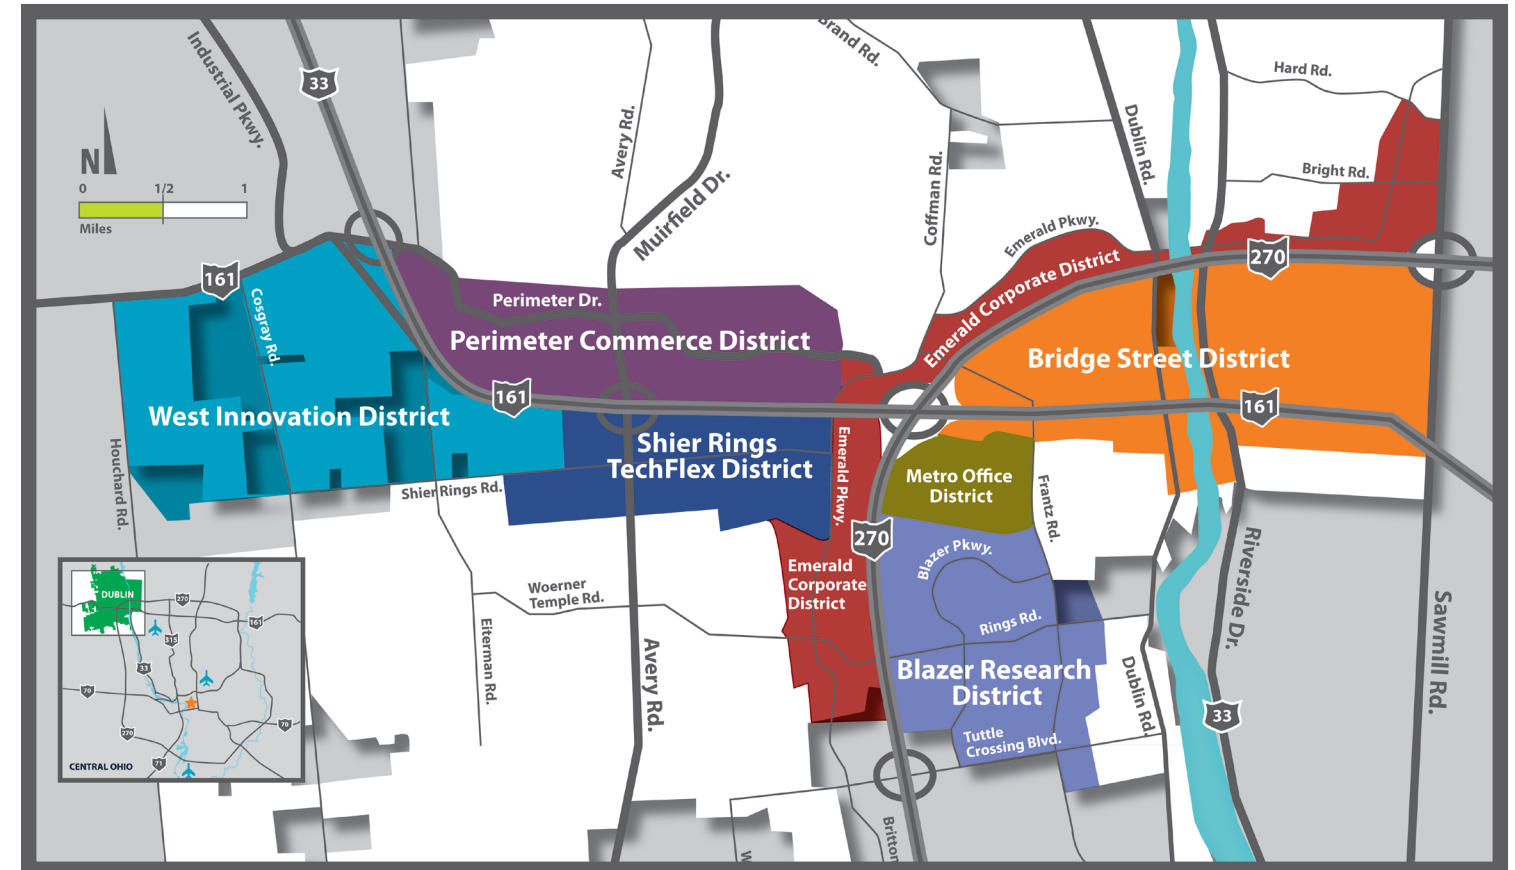

Beyond the normal infrastructure

The Metro Office District has a robust, looped technology infrastructure of citywide WiFi, state-of-the-art fiber optic system, and access to an on-site high-tier data center. The Dublin Entrepreneurial Center also is located in this neighborhood, offering free courses and training to area businesses.

High Tier data storage

Providing more than 6,000 square feet of High Tier data storage infrastructure, and supporting a fully redundant N+1 environment, **Metro Data Center** is a welcome addition to Dublin's technology sector. The City has partnered with MDC to create an environment providing a multitude of services that support business growth and integration of IT services.

More than offices

In addition to the numerous professional offices in this neighborhood, the Metro Office District also is home to five hotels and several restaurants. The city also recently invested \$1.2 million to install new LED street lighting and paved walking paths with connections to local parks.

Great spaces still available

While this business district is approximately 75% built-out, a greenfield site with I-270 frontage is available for a 90,000 SF Class A office building. The site is straight zoned for office, laboratory, research (OLR) by the City of Dublin and is ready for construction.

Highway access

Located at the interchange of Interstate 270 and US Route 33/State Route 161, the businesses in the Metro Office District have high visibility and easy access to the entire Columbus region.
