

## FUTURE-READY INFRASTRUCTURE. AVAILABLE TODAY.

Dublin’s municipally-owned Dublink fiber network hooks you up with no-cost access to enterprise-grade connectivity. With 100GB per second capacity, it’s fast, secure and built to scale—powering everything from daily operations to cloud computing, AI and data-intensive workflows.

### What You Get:

**No-Cost Access:** Dublin businesses connect to Dublink fiber for free. Choose from a wide range of networks, speeds and services.

**Enterprise Connectivity:** Direct links to regional data centers offering AI, cloud and storage services.

**Custom Expansion:** If your site isn’t already connected—and you’re bringing jobs—we’ll extend the infrastructure to reach you

Here, connectivity isn’t an upgrade—it’s a baseline. Dublink removes cost barriers and delivers immediate access to high-capacity fiber, so you can innovate, operate and grow without delay.
